

YongHo Park's studio **Stabile Art**

Artist **YongHo Park**

작가에게 작품은 세상과 소통하는 특별한 언어이다.

나는 작품을 통해 나의 생각과 감성을 이야기한다.

무심히 지나쳤던 소중한 아름다움이 나의 마음에 그 모습을 드러낼 때 영감을 받는다.

작품을 통해 이야기하는 아름다운 감성을 모두와 공유하고 싶다.

Artwork is a special language to an artist, which make it possible to communicate with people.
So I always try to reflect thoughts and sensibilities on my artworks.
There are many precious things in nature, but it's not easy to recognize their beauty at a glance.
When I can find and feel them, they fascinate me and stir up the inspiration.
I would like to share with everyone the beautiful sensibilities I talk through artworks.

Reviews

"A perfect harmony emerges from YongHo Park's delicate artworks.

A constant source of inspiration to him, he beautifies nature adding a contemporary touch, manipulating rough materials using a skillful and delicate technique."

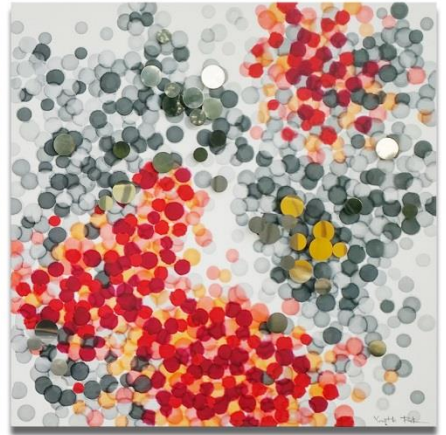

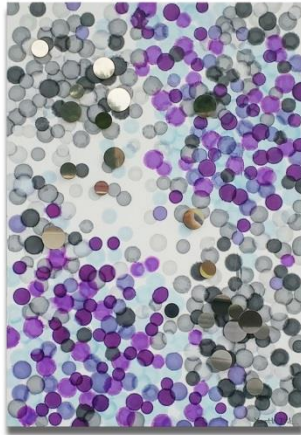

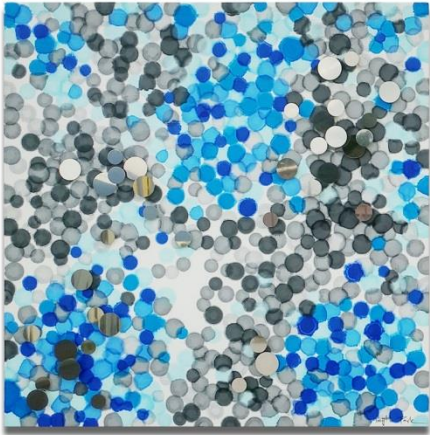

Acrylic, ink, colour, all the possible mediums are used resolutely contemporary botanical compositions, which integrate parts cut out of metal to become three dimensional and design.

"I have been transported by YongHo Park's abstract compositions, full of delicacy and in which nature's inspiration is key ; his refined lines, soft colours and use of space all reflect the importance found in the balance of substance and absence."

All artworks can be made to order, in other words, size and color can be modified according to the client's request.

YongHo Park's artworks have unique style, because they're differentiated from normal painting in many ways.

Every artwork is made of metals (steel, aluminum, stainless steel, etc.), which are combined with various materials (wood, plaster, etc.).
